MSC 1191 28-3-29

Office of the Deputy Commissioner,

Shimoga District

Dated Shimoga, 18th March 1934

From

T V A Isvaran, Esq , B A ,

Deputy Commissioner Shimoga District

The Secretary to Government,

Development Department, Bangalore

Sir,

I have the honour to sta e that there being no building in Sorab Town where public functions could take place, the public of the town were concerting measures for some time past, for the construction of a suitable building for the purpose The Municipal Council resolved to construct a Town Hall in the place at a moderate cost An estimate with a plan for Rs 3730/- was prepared by the Executive Engineer for the above work and the same was submitted to the Dewan who was requested by the Municipal Council and the public to condescend to lay the foundation of the building The Dewan laid the foundation of the Town Hall on the 26th of last month

2 A fresh design which was approved by the Dewan was received from the Government Architect the cost of which is estimated to be Rs 5,400/- The Municipal Council have also agreed to the erection of the building in accordance with the design furnished by the Government Architect and the Government Architect has been requested to forward a detailed plan and an estimate of the building as per approved design at a very early date

3 As, however, the resources of the Municipality are very limited and the estimated cost of the building as per design exceed the original anticipatio the Municipal Council have proposed to utilise the marginally noted funds,

| | | |
|---|---|---|
| From Town Hall Fund subscribed by the people | 1116/- | which are now |
| Reading Room and Town Hall | 611/- | |
| Taluk Progress Committee | 143/- | lying unused, |
| Taluk Panchayet Command Fund | 337/- | |
| Total Rs | 2207/- | towards the construction of the |

building in question and already a sum of s 900/- is reported to have been expended in clearing the ground and other incidental charges towards the foundation stone laying. The balance available will be Rs 1300/- and a sum of s 4,000/- and odd would be still be required for the completion of the building. With a view to meet this amount, the Sub Division Officer has been requested to collect a sum of s 1500/- from the Village Panchayets of Sorab Taluk and it is doubtful whether this amount would be forthcoming. A recommendation has been made to the Revenue Commissioner in this Office letter No V P C 333(b) 33-34 dated 15th March 1934 for sanctioning the conversion of Rs 1000/- from the Rural Reconstruction Grant to a Town Improvement Grant and permitting it to be utilised towards the construction of the Town Hall.

Even after these appropriations and tapping of possible sources a sum of about Rs 2000/- may be required and I therefore recommend that Government may be pleased to give this special grant to the Municipality in order to enable it to complete the construction of the Town Hall at an early date and thus create a centre of activity in the far off Taluk Head Quarters of Sorab.

I have the honour to be,

Sir,

Your most obedient servant,

18/3

*Deputy Commissioner*
*Shimoga District*

SECRETARY
AUG. 1934

M VENKATARAPPA ESQ, B A
Development Secretary to Government
Bangalore

SIR

With reference to your letter No L 8431 dated 26th May 1934 enquiring as to how the question of collecting a sum of Rs 1 500/- from the Village Panchayets of Sorab Taluk and the conversion of Rs 1,000/- from the Rural Reconstruction Grant to a Town Improvement Grant and the utilisation of the same towards the construction of the Town Hall at Sorab stand at present I have the honour to state that as per design furnished by the Government Architect which was approved by the Dewan an estimate amounting to Rs 7,350/- was prepared by the Executive Engineer and sent to this office for further action This estimate for Rs 7 350/- consists of 2 parts - the first part is for Rs 1 150/- for work already executed upto the basement level in connection with the foundation laying by the Dewan and the 2nd part is for Rs 6,200/- for the remaining work

The estimate and plan received from the Executive Engineer were forwarded to the President Sorab Municipality for ascertaining the views of the Council The President having placed them before the Council by circulation the Municipal Councillors are of opinion that the estimate may be approved and the work got executed by the Public Works Department

As regards the question of the cost of the work I have to state that as already reported in my letter No M 3 C 1191/28-29 dated 18th March 1934, some funds to the extent of Rs 2 207/- were lying with the Municipality unused and a sum of 946/- [redacted] of these

funds was drawn and paid to Contractors etc in connection with the work already done leaving a balance of Rs 1 261/- out of the funds and therefore the amount of the estimate still to be met is Rs 6,404/-

This amount is proposed to be met as follows --

| | | |
|---|---|---|
| 1 | Amount available out of the unutilised funds Rs 2 207/- minus R 946/ | Rs 1 261/- |
| 2 | Contribution proposed to be collected from Village Panchayets | Rs 1,200/- (roughly) |
| 3 | Grant to be sought from Government | Rs 3 000/- |
| 4 | Public Donations expected | Rs 1 000/- (roughly) |
| | Total | R 6 461/- (Rs 6400/- roughly) |

As regards the conversion of the Rural Reconstruction Grant into Town Improvement Grant the Revenue Commissioner stated in his letter No D Dis 1772/33-34 dated 6-5-1934 that it was not feasible to convert the Rural Reconstruction Grant to other purposes As such the amount that was available under the Rural Reconstruction Grant was distributed among the several Village Panchayets for expenditure in connection with the works to be executed before the close of the year 1933-34

As regards the contribution to be raised from the Village Panchayets the Amildar has reported that about Rs 1 000/- may be anticipated from this source He has been instructed to raise contributions to an extent of Rs 1 200/- at least

Under the circumstances I recommend that the estimate for Rs 7,350/- may be sanctioned and that a grant of Rs 3 000/- may also be sanctioned by Government towards the work As the donations from the public may not be received immediately on account of the prevailing economic depression and failure of crops in some parts of the Taluk last year the actual construction of the rear portion of the building consisting of the two

rooms

rooms both will have to be postponed till the advent of better times and receipt of public donations

The plan and Estimate and other connected papers have been forwarded to the Chief Engineer for scrutiny and favour of transmission to Government

I have the the honour to be
Sir
Your most obedient s e r v a n t

Deputy Commissioner
Shimoga District
